

**Thank you for investing your time and money into attending our seminar!**

Our team hopes you had a meaningful experience.

**If this is a seminar you would tell your colleagues about,  
we encourage you to write an anonymous review at  
[PodiatryMeetings.com](https://PodiatryMeetings.com)**

It should only take you about 90 seconds and helps us to provide the best experience for you.

Additionally, the reviews are published (but remain anonymous) on the website helping other physicians and exhibitors make the best decision when considering which meetings to attend.
