

**CANODYNE**

**CBD GEL**

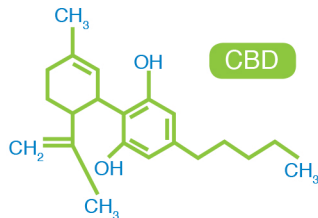

**FAST ACTING PAIN RELIEF**

MENTHOL • CAMPHOR

CBD (Cannabidiol) is one of over 120 organic chemical compounds<sup>1</sup> found in Hemp, a member of the Cannabis Sativa family.

Unlike its cannabinoid cousin THC Delta 9 and other pharmaceutical opioids, CBD delivers therapeutic benefits without the undesirable side effects.

• Non-Euphoric • Non-Toxic • Non-Habit Forming

A vast network of receptors throughout the human body known as the Endocannabinoid System<sup>2</sup> reacts to CBD to regulate many physiological processes including pain modulation. A pivotal 2015 study<sup>3</sup> revealed that when used topically, CBD had the potential to fight pain and inflammation.

*Johns Hopkins University  
researchers published a  
study in 2017 that  
revealed 58 out of 84 CBD  
products purchased online  
were mislabeled.<sup>4</sup>*

CBD is legal at the Federal Level, however like all dietary supplements, it is currently not regulated by the FDA. This has led to a market full of CBD products with packaging claims that are simply unfounded.

In order to provide the market with some transparency, we created Canodyne to offer our Health Care Providers a trusted, affordable solution to treat their patients' pain without the use of opioids.

## THE POWER OF NATURE+PHARMACEUTICAL PAIN RELIEF

### CBD

The CBD compounded in each lot of Canodyne is verified by a third-party laboratory for both purity and concentration levels.

The Certificate of Analysis for each production run can be found on our website [www.canodynecbd.com](http://www.canodynecbd.com)

### MENTHOL + CAMPHOR

Canodyne is made with FDA monographed active ingredients which are FDA-registered over-the-counter topical medications.

Canodyne is produced in a CGMP FDA-registered and audited facility to ensure the highest quality standards.

Canodyne is a patent pending, topical pain relief gel that is uniquely formulated to combine natural, organic healing compounds with clinically proven pharmaceutical pain relievers.

**Highly concentrated with 500mg of CBD Isolate per 3oz bottle - THC FREE**

Canodyne is distributed through our network of trusted Health Care Professionals (HCP).
